German 

ABOUT ME

I am a Software Development student with a strong interest in fullstack development. I am currently building my skills in HTML, CSS, and JavaScript, and I enjoy solving problems and creating efficient solutions.

I bring a strong work ethic, attention to detail, and discipline from my technical and hands-on experience. I am seeking an opportunity to grow as a developer and contribute to a team while continuing to learn.

WORK EXPERIENCE

Delivery Driver - FedEx Contractor

Vitesse Logistics

2025–Present

- Deliver 100+ packages daily while maintaining accuracy and on-time performance
- Optimize delivery routes to improve efficiency and meet strict deadlines
- Maintain strong attention to detail to ensure correct and secure deliveries
- Demonstrate reliability and independence while managing time effectively
- Provide professional service and solve delivery-related issues in real time

Product Inspector

Old Castle

5/2025–8/2025

- Inspected products to ensure compliance with quality standards and specifications
- Identified defects and contributed to improving production quality
- Applied attention to detail and technical knowledge in inspection processes

Product Machine Operator

Nutricost

2024-2025

- Operated production machinery while maintaining efficiency and quality standards
- Troubleshoot minor technical issues to avoid production delays
- Followed safety and GMP procedures in a fast-paced environment.

Elevator Technician

Integral del Ascensor (Chile)

2023-2024

- Diagnosed and repaired mechanical and electrical systems
- Interpreted technical diagrams and applied troubleshooting methods
- Worked with engineers to ensure system functionality and safety
